

CFI Workshop - The new ACS replacing PTS and how to teach using EFB

This is a CFI workshop with two topics. The first half is a presentation of the new ACS program that will replace the current PTS. The ACS program will be phased in over the next couple years and CFI need to understand what and how it effects them. The second half will be on how to teach the use of EFBs. This is an area increase activities and many pilots do not understand how they should use them.

Directions: Take I-94 to State Street exit, turn south. Go to the first light and turn right on Airport Drive. Take Airport Drive to the very end.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
